

# Product Plans and Pricing Summary

Qwil Messenger is a business subscription service for which you only pay for staff users. **Clients and partners are free.** Subscription fees are charged annually (pre-paid in advance) based on tiered user volume pricing. Additional features are available for some plans and may incur separate charges and/or be subject to minimum subscription volumes.

151 - 200		£ 24,000
201 - 250		£ 30,000

Subscription fees are charged annually (pre-paid in advance) based on tiered user volume pricing. Additional features are available for some plans and may incur separate charges and/or be subject to minimum subscription volumes. Our free plan is only available to single staff member firms that are not regulated businesses. Free plan customers must promptly activate and maintain minimum usage for their subscription to remain active. All pricing excludes any applicable VAT or sales taxes, is subject to an annual contract. Plan features may be restricted and are subject to change. Please refer to our [Master Subscription Agreement](#) and [T&Cs](#) for more details.
